Dear Year 6 Children and Parents,

I am delighted to send you your SATs results with your report.

Despite what has been written and said in the press about falling standards in the Year 6 tests, this is certainly not the case for our children!

To say I am proud of you children is a total understatement!

Children... You have shown how resilient, hardworking, determined to succeed and fabulous you are this year! You have not had a full school year since you were 7 or 8 years old in Year 3! The last 2 years, like everyone, you have had disruption, upset, uncertainty, change. However, you have accepted this and you have worked through it.

You should all be very, very proud of yourselves and all you have achieved regardless of what is going on around you.

I always say that SATs only test what you know academically. They do not test who you are nor do they define you as a person, as the kind, caring, sensitive, understanding, positive, generous, amazing individual you are. Thank you for being you, thank you for being great and well done!

Parents... Thank you also! You have been there for your children, supporting, caring, encouraging, nurturing and have made them who they are today. You have also supported us as a school family over the years. Your children have worked exceptionally hard ALL year their achievements reflect this. They have all made great progress. They are all well-rounded, unique, polite, confident and amazing individuals not to mention resilient and independent learners, who have been a credit to not only our school, but also to you, their parents.

Sadly this is not formally assessed but are without a doubt qualities possessed by them all and ones which we admire them for. If they were assessed on their personal qualities, rest assured, they would ALL be reaching Higher Standard!

Well done children, you are all stars!

Many thanks for your continual support. Children, remember to keep up your greatness and brilliance and continue to shine, the world is at your door waiting for you to explore!

Kind regards,

Annalisa Howarth
